

Dear friends,

As president of the Board it has been a wonderful opportunity to meet many people who have the same passion as I do. Cary's existence is due to the many that are willing to help. I have been part of this exciting ministry for twenty years. I have been picking up donations from individuals, packing trailers, and then driving these trailers to Cary. The reason for this letter is because we need your help. If you have been following the news about the flow of the Mississippi River, you understand the overwhelming amount of flooding and the impact it has had on the people who live in these areas. Because of the record breaking rain falls and the decisions made by the Army Corp of Engineers to open dams, many people have lost everything they own and will need to relocate.

It was recommended by the Army Corp of Engineers that Cary Christian Center evacuate. The Center packed up, closed its programs and employees were laid off. For three weeks it was not known whether the flooding would reach the Center. By God's grace, the levees around Cary have not yet been breached. We are now faced with the task of moving back in and restarting our programs.

Because of the enormous need of the population affected by the flooding, we have not been blessed by as many donations as in the past and are experiencing a lack of resources needed to effectively restart our programs. We ask that you pray for God's guidance leading you to seek ways to help financially and with your prayers. With your generous donation we can continue doing God's work through Cary Christian Center.

Sincerely,

Jerry Vogel

Board President
